

▼ Usage Instructions - ViewGuard™ Anti-Static, Alcohol-Free LCD Screen Cleaner

1. Power off your laptop or computer display.

2. Remove moist ViewGuard™ LCD Screen Cleaning Wipe and gently wipe the entire screen. For best results, wipe in straight lines only following the directions above.

3. For best results, next, please wipe around the edge of the screen to remove any trapped dust or debris.

4. Please allow cleaner to completely evaporate before turning on your laptop or computer display. For best results, please buff your screen with a microfiber cloth.

▼ Usage Recommendations

• Do not use on anti-glare, high-gloss or other special coatings without checking with the display manufacturer prior to use. Do not use with other cleaning products. Do not use for personal hygiene. Product may cause drying and irritation of skin. If irritation occurs, wash thoroughly with soap and water. Call a physician if dryness or irritation persists.
